TAMARIS CAPTURES THE ESSENCE OF THE SEASON IN FASHION

TAMARIS BAGS AUTUMN/WINTER 2026

The new Tamaris collection for Autumn/Winter 2026 captures the magic of the season. This series is like a stroll through autumn with all its many facets and colours. It is the perfect time to stock up on a new Tamaris handbag, blossom and shine.

The collection reflects the diversity of everyday life: soft hobo bags, spacious shoppers, casual crossbody bags and elegant zipper bags form the core of the line. New backpack designs offer additional comfort, while belt bags and structured mini bags set subtle trends. Whether for the train ride to work, a visit to the Christmas market or a dinner invitation, the models are functionally well thought-out and fashionably on point. Particularly useful are the hidden bag-in-bag systems, modular carrying straps and intelligent interior compartments that can be flexibly adapted to the course of the day.

EXCITING MATERIALS

Visually, the collection is reminiscent of an autumnal landscape with its warm, earthy shades. Velvety suede looks in olive, cognac or dark brown meet shiny patent leather in black or dark silver. Crocodile embossing adds striking accents, while soft fine synthetics in an elegant genuine leather look with subtle embossing exude a gentle calm. Faux fur and textured nylon also play a central role, creating exciting material contrasts. All materials are carefully coordinated to create a harmonious overall look.

DECORATIVE ELEMENTS

Decorative elements tell little stories: shimmering pearls on a faux fur bag, striking metallic-coloured carabiners on the front or elegant belt-style loops add targeted highlights. Charms with figures or knot details add playful accents without losing the stylistic balance. Braided straps, special handles and chain straps add movement and expression to the bag design.

COLOURS

In terms of colour, the collection spans a spectrum from natural tones to festive glamour: sand, taupe and beige kick off the season, while olive, cognac and wine add warmth and depth. Black, grey and brown remain part of the tried-and-tested repertoire. Metallic shades of silver shine in the twilight – ideal for festive occasions or stylish evening looks. Thanks to their versatile combination options, the bags can be easily integrated into a wide variety of outfits.

STAR GROUP (SC) LINES

In addition to developing fashionable and target group-orientated designs, our team is always keen to respond to the needs of the retail trade in the best possible way. For example, the Star Group was created. These are selected lines that enable retailers to achieve higher margins without leaving the important and high-selling corner price ranges.
